LIFE OF ALEX SKOVGAARD

Famous Danish Violinist is to Appear Here Soon Under Auspices of D. A. R's.

Alex Skovgaard, the famous Danish violinist, is to appear soon in this city. Skovgaard was born in Copenhagen on May 20, 1875. In this instance, as so often happens, "coming events cast their shadows before." As by some curious instinct the child from the very first showed how the drift of his nature turned. They tell of him that when he was only three years old the only toys which seemed to interest him were tiny wooden violins. Before he was five, happening to lay hands upon some discarded violin strings, he extemporized an instrument from these and an old cigar box. But the stick which had to do duty for a bow was inadequate and his incessant cry was for a real bow. When his nurse bought him one at the modest outlay of twenty-seven cents he was a musician, and soon was able to play many tunes on this primitive apparatus, to his own great delight and the wondering ad-

miration of the neighbors, who were astounded at his skill.

Such unusual gift demanded recognition, so that, as a result by the time he was six, he had a real little violin and was taking lessons. This continued under various teachers in Copenhagen till he was twelve, when, to his great joy, he was allowed to go to Berlin and given the opportunity of fine teaching at the hands of Carl Halir, the leading violinist of the Royal Opera there.

But now, on the death of his mother, from whom he had inherited his musical genius, he was face to face with a new difficulty. Playing was all very well as a young man's amusement. To think of it as he now inevitably did, as a life calling was another thing. The keen, practical business sense of his father would have none of it, and help from this quarter was denied him.

But opposition is never a real obstacle to genius, and at the age of twenty he returned to Berlin and there, with the recognition of real talent which so constantly distinguishes the masters, Joseph Joachim, the king of violinists, took him as a pupil for three years.

By this time, though, it was obvious even to his father that Axel Skovgaard was destined to the life service of his art, and so it was that when in 1899 an opportunity came of buying the magnificent Stradivarius violin on which Skovgaard now always plays, parental opposition gave way to definite and hearty practical encouragement.

Steadily and surely he began to make his way as a European performer. He had the good fortune to play twice before the late King Christian of Denmark, at another time before the late King Oscar of Sweden, and again to Hakan, the present King of Norway. He also won the attention of Wilhelm, Emperor of Germany, in 1902, when he appeared as soloist at the opening of the Royal Berlin Academy of Music, with the result that twice since the Emperor has, through Joseph Joachim, had him invited to play at private concerts in the Royal Palace in Berlin.

For the past few years he has been touring the United States, where, with the assistance of a singer and a pianist, he himself is responsible for a programme which proves its worth in that it keeps him playing every night in spite of the traveling strain this of necessity imposes.

MEETING OF KENTUCKY EDUCATIONAL ASSOCIATION

Will Be Held in Louisville on June 25-27.—Large Attendance is Expected.

The Kentucky Educational Association is the organized leader in matters educational in the state, and its plain duty is to make a supreme effort to improve the content, the organization and the administration of the public schools. If the organized teachers of the state do not take and maintain an intelligent and patriotic lead in these matters which embrace their life work, have they any cause to complain if others assume their abdicated leadership. One part of our school system cannot suffer without all parts suffer. It is the duty of every man and woman engaged in school work of every grade any kind to put his shoulder to the wheel and assist in lifting the schools out of the rut of indifference. Nero fiddled while Rome burned; let no school men bicker while the children of the state suffer. It is the duty of every teacher to attend the annual meeting of this Association and to lend his hand and heart to the great work it is doing. The next meeting will be held in Louisville June 25-27.

WINCHESTER'S IDEA—HUSTLE

INITIATION OF LARGE CLASS

Winchester Lodge, No. 812, Fraternal Brotherhood, Holds Meeting Followed by Delightful Luncheon.

Winchester Lodge, No. 812, the Fraternal Brotherhood, had a nice class of new members initiated Wednesday night.

The class had been secured by J. W. Bartlett, organizer, who has been doing some good work in Winchester for the past few weeks in spite of the unfavorable weather.

State Manager L. L. Hill, and Mrs. Hill were present and assisted in the carrying out of some new degree work, which was directed in first class form by Benjamin S. Bartlett, who knows how to conduct lodge work in first class style as well as raise fine chickens.

After the splendid meeting, the members enjoyed a fine lunch and all went home feeling they had spent a most pleasant and profitable evening.

The Fraternal Brotherhood has a number of young men on its membership rolls, and they find it much more to their advantage to spend an evening improving themselves among good people than loafing around pool rooms and similar places.

Organizer Bartlett promises another larger class for Wednesday evening, February 28. All members are requested to be present and enjoy some more new work under the direction of B. S. Bartlett.

OFFICE OF ASSOCIATED CHARITIES MOVED

The impersonation of an old Southern darkey was splendidly done by Mr. Prewitt Browne, who was given the second prize.

Mr. Glenn Browning, as a clown, was the winner of the third prize.

THOMAS CHARGES HIS BILL HAS BEEN DELAYED

Senator Accuses Railroad Lobby of Being Responsible For Slowness in Printing Measure.

Frankfort, Ky., Feb. 15.—Senator Claude M. Thomas, of the Clark-Bourbon District, "started things" in the Senate Wednesday when he charged that the railroad lobby was responsible for the delay in the printing of his bill providing that suits for damages against railroads may be brought in any county in which a plaintiff resides, if he resides in a county in which the railroad runs, introduced by him on January 18 and just returned from the printer Wednesday, had been deliberately suppressed and delayed. He asked that the bill be given preference and advanced to its second reading, which was done.

"I charge," said Senator Thomas, "that the lobby here in the interest of the railroads prevented the speedy printing of this bill which amends section 73 of the Civil Code and permits a person whose property has been injured in transit to sue the railroad company in his home county."

No Charge Against Printers.

The charges were not made against the public printers or the State Printer, for Senator Thomas realizes the difficulties under which they are laboring to get all of the Senate and House bills printed on time. President McDermott and several Senators asked Senator Thomas if he desired an investigation. He replied that he did not, but had the bill taken from the calendar and referred to its proper committee.

There will be two sessions a day of the House and Senate after this week. Both branches passed resolutions to that effect Wednesday.

When the afternoon session of the Senate convened Senator Ryan stated that the motion on land join the State Fair grounds, held by the State Fair Company, would expire Thursday and could not be renewed unless the owners were assured by passing House Bill 53 that the state would buy the land. The bill appropriates \$16,000 to buy the land and a part of it will be deeded to the National Government for a fish hatchery. The bill passed unanimously.

Senator Pritchard, chairman of the Congressional Redistricting Committee, reported favorably the bill agreed on by the joint committee Tuesday. The bill was made a special order for Tuesday at 11 o'clock.

The Senate refused to make Senate Bill 148 appropriating \$10,000 for the Secretary of State a special order for Friday at 11 o'clock.

Senator Salmon called from the Committee on Appropriations Senate Bill No. 60, increasing the annual appropriation for the Kentucky Home Society for colored children from \$5,000 to \$10,000, and put it on its passage. The bill passed; ayes 27, nays 4.

Mammoth Cave Bill Passes

Senate Bill No. 201, ceding jurisdiction to the United States of certain lands in Edmonson county upon the establishments of the Mammoth Cave National Park was passed 31 to 0.

Protests against the Newcomb Automobile Bill and against a bill providing for a heavy tax on vendors of medicines from wagons were filed. All were referred to the Committee on Proposition and Grievances. Protests were made against permitting the circulation of postal cards injuring the name of the state.

Representative Harry A. Scherbert, of Woodford, set fire to his papers on his desk by laying a cigar among them. The House applauded as he beat the fire out with his hands.

BANQUET IS VERY MUCH ENJOYED

Mr. George E. Tomlinson Acted as Toastmaster, And Several Splendid Addresses Were Made.

The banquet given by the Woman's Wesleyan Adult Bible Class, of the Methodist church to the men of the church at the Fraternity Building Wednesday evening was one of the prettiest and most enjoyable ever given in the city. The tables were beautifully decorated and the menu faultless. There were about 120 present.

George E. Tomlinson, Superintendent of the Sunday School, was toastmaster, and a good one he was.

Speeches were made by Dr. J. L. Clark, President of Kentucky Wesleyan College; Prof. W. S. Anderson, Rev. Leonidas Robinson, Dr. Chas. Bulla, and Rev. O. J. Chandler. All of the talks were highly enjoyed.

The feature of the occasion was the address of Dr. Bulla, who held the attention of the audience from start to finish and many said it was the greatest treat in this line they had ever had.

A rising vote of thanks was given the ladies who gave the banquet and made such a success of it.

MORE DOINGS AT FRANKFORT

The Legislature is now tackling redistricting problems and just what will be done along these lines is what is worrying many of the politicians of the state.

The purpose to relieve the Eleventh Congressional District by taking some half dozen counties from the eastern end of that district and placing them in the Tenth will likely prevail. Some four or five of the Tenth District counties will be placed in the Ninth, and from three to five of them will be placed in the Seventh or Ashland District. The latest plan places Clark, Montgomery, Powell and Estill in the Seventh and Menifee, Wolfe, Morgan and Elliott in the Ninth.

This plan does not meet universal approval. Montgomery wants to go to the Ninth, but the other counties of the Ninth seem to object. Wolfe wants to go with Clark and Powell, but the Ninth District people are freezing on to Wolfe. The Eighth District is willing to take Clark, but doesn't want our neighbors.

The common sense of the situation would place Montgomery in the Ninth and Wolfe, Powell, Estill and Lee with Clark in the Seventh District and that is what the people here would like to see done. Of course, if these counties go in the Seventh, their Democrats would like to have a vote in the Cantrill primary.

Nobody seems to want Montgomery. We wonder if it is because there are too many politicians and too many available candidates in that little county that is so prolific of candidates and statesmen.

A bill has been introduced to take Powell out of this Circuit Court District and bring in Estill. This is not likely to be done. It is understood that Judge Young doesn't want Powell and that Judge Benton is opposed to parting with Powell, and that he is not hankering for Estill with its 350 to 400 Republican majority.

These changes in the Judicial District have been suggested, not because they are desired by this section of the state, but to serve certain interests in the eastern part of the state.

The Prison Bill presents a peculiar

situation. The Senate passed a bill providing for the Governor to appoint a Prison Commission, consisting of two Democrats and two Republicans, while the House has passed a bill authorizing the Governor to appoint three Commissioners without defining their political qualifications. The sentiment at Frankfort seems to favor the House plan. Governor McCreary recommended the bi-partisan plan in his message, but the Democrats of the House seem to have been stung with the old Jacksonian doctrine that "to the victors belong the spoils." This is a step backward that the progressives in both parties hate to see.

Eli Brown, Harvey McCutcheon and Finley Fogg, the old board, are watching these proceedings and wrangles with as much enjoyment as men can usually find at their own funerals.

Campbell Cantrill continues to have his own way in the Seventh District, the State Committee of Democratic party stood by him in his snap primary scheme by a vote of 8 to 4. To a disinterested onlooker it appears that Cantrill would have displayed political wisdom and acumen by asking that the call for the primary to be revoked and consenting to have it after the Legislature adjourns.

Woodrow Wilson seems to have captivated Frankfort and the Democratic politicians assembled there by his two delightful speeches last week. He is the Democratic favorite at Frankfort, and the Courier-Journal's constant knocking at the behest of Col. Watterson is not hurting the Wilson boom in Kentucky.

Senator Bradley is in Kentucky this week organizing the state for Taft, and at the meeting of the Republican State Committee in Louisville Wednesday a resolution was forced through endorsing Taft. There will be something doing in both parties in Old Kentucky before the Presidential nominations are made.

The whispers and rumors will not down at Frankfort that before this month is out an announcement will be made as to who will be the first lady of the state, and who will occupy the new mansion with Governor McCreary. Some think she will be a near-Clark county woman. At any rate it seems certain that congratulations for the Governor will soon be in order. The new mansion will cost \$75,000, and the bill providing for it is the only one not has become a law.

Miss Mary Dan Harbeson, of Flemingsburg, who charmed our people when she sang here with Mr. Wright in his revival service, is at Frankfort now with him in a meeting and is just as popular there as she was here.

Have your friends meet you at our place. Vermilion & Long, 15-2t

THEY INJURE CHILDREN

Cathartics And Pills And Harsh Physics May Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given. Ordinary pills, cathartics, and purgatives are too apt to do more harm than good. They sometimes cause griping, nausea, and distressing after-effects, and may actually injure the health, thus establishing life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as a safe and dependable remedy for constipation and associate bowel disorders. We have such faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very

mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies not only relieve constipation, but help to remove the cause of this ailment. They also frequently overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really, in our opinion, no similar medicine so good as Rexall Orderlies for the purpose to which it is directed, especially for children, aged and delicate persons. They are prepared in tablet form in two sizes of packages; 12 tablets, 10c., 36 tablets, 25c., and 80 tablets, 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Phillips Drug Store, 56 South Main st.

FOR ALL MEN AND WOMEN

I will give you free a sample of Dr. Pierce's Pleasant Pellets, that have brought health and happiness to thousands—also a book on any chronic disease you need.

The story of my free offer to you is quickly told. During my many years of practice I have used numerous combinations of curative medicines for liver ills. I have kept records of results in case after case, so that my staff of physicians and surgeons, at the Invalids' Hotel, Buffalo, N. Y., are able to diagnose and treat cases at a distance with uniform good results. I am going to send you free a sample package of Dr. Pierce's Pleasant Pellets, which will relieve biliousness and ill health due to a disordered liver. Write at once for a sample or a book.

But for the permanent relief of blood disorders and impurities, I can recommend my "Golden Medical Discovery"—a blood medicine without alcohol.—R. V. PIERCE, M. D., Buffalo, N. Y.

Nature's Way Is The Best.

Buried deep in our American forest we find bloodroot, queen's root, mandrake and stone root, golden seal, Oregon grape root and cherrybark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "GOLDEN MEDICAL DISCOVERY."

This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require.

Dr. Pierce says:—"Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken." Sold by all principal dealers in medicines.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1000 pages—which treats of diseased conditions and the practical, successful treatment thereof. Cloth-bound sent post-paid on receipt of 31 cents in one-cent stamps to pay cost of mailing only. Address Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Danderine

Stops Falling Hair and Destroys Dandruff

Makes the Hair Grow Long, Heavy and Luxuriant and We Can Quickly Prove It

If You Wish to Double the Beauty of Your Hair at Once, Just Get a 25 Cent Bottle and Try This

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning—just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil. In a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Danderine from any drug store or toilet store and try it as directed.

NUT GROWING IN THE SOUTH

Dr. J. F. Wilson Will Deliver an Address on the Subject at Southern Commercial Congress.

Washington, D. C., Feb. 15.—Dr. J. F. Wilson, editor of "The Nut Grower," of Waycross, Georgia, will preside over a section meeting devoted to "Nut Growing in the South" as part of the Southern Commercial Congress convention in Nashville, April 8 to 10. The speeches in this section will deal largely with pecan possibilities and inform the nation as to the great progress the South had made in this direction in the past few years. Eminent men are also expected to speak on the value of nuts as a food resource. Dr. Wilson has, since 1888, had remarkable success in specializing with the pecan, which he regards as "the highest branch of horticultural science." On invitation of Senator Fletcher, president of the Southern Commercial Congress, he gladly consented to give widest possible publicity to his knowledge of this important subject. In 1901 he and others started the movement which materialized in the organization of the National Nut Growers Association.

NOTICE OF LAND RENTINGS.

Notice is hereby given that the undersigned, W. R. Sphar and Lee Evans, as Trustees of the estate of A. H. Anderson, deceased, will on Saturday, February 17th, 1912, at 2 o'clock p. m., rent at the Courthouse door in Winchester, Ky., to the highest bidder for a term of eleven months, beginning March 1st, 1912, and ending February 1st, 1913, a certain farm belonging to the estate of A. H. Anderson, deceased, as hereinafter described.

A certain tract of land situated near Kiddville in Clark county, Kentucky, known as the Donahoe tract, containing 170 acres of land, on the east side of the Indian Fields and Kiddville pike. It is understood that is also contains a part of what is known as the T. J. Halley land, the same aggregating about 170 acres, and being the same tract occupied in the year 1911 by Milton Pace. It has on it a two-story frame dwelling

with outbuildings and stock barn.

About 70 acres of this land was in cultivation during the year 1911. This same land is to be cultivated again, the renter having the privilege of putting it all in corn, or 60 acres in corn and 10 acres in tobacco, as he may elect, it being understood, however, that there is no tobacco barn upon this tract of land. The renter will have to furnish seed.

The above tract shall be rented by the parcel, and not by the acre, it being understood that the statement of acreage is merely an estimate.

The successful bidder shall execute to the undersigned Trustees note with approved security, payable to them, and due on December 15th, 1912, bearing interest at the rate of 6 per cent. per annum from maturity until paid.

The Trustees, or anyone designated by them, have the right in the Fall of 1912 to enter upon the leased premises to sow any field in small grain, and are to make any repairs they may deem necessary.

The Trustees do not agree to build any new fencing or do any repairing of any kind, and said Trustees are not to be held responsible for any loss sustained by tenant occasioned by injuries to crops by stock or any other cause.

All corn shall be cut and shocked by October 15th, 1912, and the tenant shall keep stock out of the stubble fields, and cut all weeds on leased premises.

The said Trustees are directed to reduce to writing the contract of renting with tenant, and incorporate all the terms and conditions herein set out.

Given under our hands as Trustees, this 7th day of February, 1912.

Such was the case with Mrs. W. S. Bailey, McCreary, Ky. "My wife was taken down with a severe attack of la grippe, which run into bronchitis. The first bottle gave her so much relief that she continued using it and three bottles effected a permanent cure." Mr. W. S. Bailey says he is prepared to answer all inquiries promptly.
